

What is it all about?

Droolin' Moose is a family owned and operated business out of Bloomington, MN. Our mission is to combine a high quality snack (by snack I mean CHOCOLATE) with an unexpected and fun identity that makes people smile. Over time, our customers have shown us that our formula makes for great gift giving, corporate incentives and "thank you" gifts - now it's time for **FUN**raising!

Recently, our line of gourmet treats has been sold only in our store and through our website. Droolin' Moose is all about community so we decided to branch out into **FUN**raising. We want the product, along with the program, to stand out because of its originality, simplicity and quality.
